

Wildwood Business Improvement District Byrne Plaza Capabilities

Byrne Plaza is the newest and most centrally located special event site in the Wildwoods. Situated on action-packed Pacific Avenue, just two blocks from the center of the famous Wildwoods Boardwalk, Byrne Plaza offers 60,000 square feet of outdoor space suitable for a wide variety of events.

Designed by famous Philadelphia Architect Richard Stokes, Byrne Plaza was constructed specifically to host special events and attractions. Anchored by a huge 25' x 55' covered pavilion at the west end, Byrne Plaza can accommodate audiences between 2,500-5,000 people for stage-based concerts and performances. Byrne Plaza can also accommodate up to 100 vendors in 10' x 10' tents.

Since Byrne Plaza was designed and constructed as a special event site, several critical infrastructure assets were included during the design and construction phase to make Byrne Plaza user-friendly for event promoters. These assets include:

- Sound & Lighting Conduit for Stage Controls Located in Front of Stage;
- Multiple Electric and Water Hookups Throughout Plaza for Easy Access;
- Fully Programmable Plaza and Stage Lighting Package;
- Fully Programmable Plaza Sound System;
- Fully Programmable LED Information Sign On-Site;
- Access Road to Stage & Plaza for Set Up and Break Down;

With its central location, built-in infrastructure and the strong support of the Wildwood Business Improvement District and the City of Wildwood, Byrne Plaza is an ideal location for a wide variety of events including:

- Concerts & Stage Performances;
- Arts & Craft Shows;
- Specialty Wine, Craft Beer and Unique Food Events;
- Weddings & Other Private Events;
- Health & Fitness Expos;
